Welcome

Chris Stotemyer, Chair, called the meeting to order and the members of the committee introduced themselves to one another.

Old Business

Laura Herndon distributed the minutes from the previous meeting, which were then read and approved.

The Chair Elect position was still open. Scott Bailey offered to be Chair Elect and was accepted by all.

Lactation Room

Scott recently was interviewed for The Bent Tree. He compared the situation here with that at Georgia Tech, and pointed out that our campus has a nontraditional student body with median age of 29 and truly need these facilities.

Charlotte Swint reported that the existing lactation room has been moved to the third floor of Continuing Education. The Nursing faculty and students have become involved with the Healthier Campus Initiative, and have listed alterations that the room requires. It should have the toilet removed, a chair and freezer with cold packs added and hopefully some decorative items for comfort and aesthetics as well. University approval will be required to solicit donations for the room. The flyer needs to be updated with the correct floor and distributed to areas likely to attract the notice of students. Student Affairs, Counseling and other auxiliary services could be involved. It was suggested that partnering with a student organization would be a good way to raise funds for the refurbishing of the room.

New Business

It was agreed that the committee will continue to meet in room L 140 on the last Wednesday of each month if there are no conflicts.

Elaine Manglitz of Student Affairs will be approached to speak at the next meeting.

Adjournment

The meeting was concluded at 1:00 p.m.

Next Meeting

October 28th, 2015, 12:15p.m., L-140.

Respectfully submitted,

Laura Herndon
