Good afternoon,

I am looking for a couple of machines for our office and need a quote as soon as possible to meet a purchasing deadline (this Friday 4/19) for our institution. Both machines should be Canon brand.

- If the following printer is not available, we need a single function laser printer as similar as possible to the one listed here.
 - Canon imageCLASS LBP214dw Single-Function Monochrome Laser Printer
 - MFR Item # LBP214DW

- Second, we need a printer/scanner/fax laser print machine with ethernet connection capability. This machine needs to be able to print in color as well.

Please let me know what other information you need from me to identify recommended machines and provide a quote.
