

Exam Schedule Matrix: Fall 2026

Wednesday, Dec 2 – Tuesday, Dec 8

Final examinations are held at the end of each term in accordance with the published final exam scheduling matrix. The matrix provides a list of predetermined exam times based on the course meeting times during the semester. The class meeting time and day determines the date and time for each exam.

Standard Course Meetings

Standard Course Meetings refer to those classes that meet during the semester at standard meeting times as outlined in the Class Scheduling Matrix. These meetings times were designed to limit the number of scheduling conflicts.

Non-Standard Course Meetings

Non-Standard Course Meetings are those classes that do NOT meet during the semester at standard meeting times as outlined in the Class Scheduling Matrix. These non-standard course meetings are allowed as an exception and not as a common practice. Final exams for non-standard course meetings should be scheduled according to the Final Exam Matrix based, as closely as possible, on the first day that the class meets during the week and the start time that most closely matches the scheduled course.

Instructors: Exam room assignments for **non-standard course meetings**, should be scheduled as events within Astra. This will prevent any room conflicts. Contact your department room coordinator regarding these types of schedules.

Exam Conflicts

Scheduling conflicts may occur particularly with courses not following the standard course meetings matrix. In these instances, the instructor may allow the student to take the exam with another section. In the event of a final examination conflict that is not readily resolved, the following guidelines are suggested.

Any course that is offered outside the standard scheduling matrix (non-standard meeting patterns) should allow the examination for courses offered during standard meeting times and should arrange a conflict exam time with the student.

If a conflict arises between two courses that are scheduled for the same exam period, the time conflict will be resolved by the instructor for the course with the lower course number to period mutually agreed on by the instructor and the student.

Room assignments for exam conflicts or makeup exams should also be set up as events.

Exam times are as follows:

8:00 a.m. to 10:00 a.m.	5:00 p.m. to 7:00 p.m.
10:15 a.m. to 12:15 p.m.	7:15 p.m. to 9:15 p.m.
12:30 p.m. to 2:30 p.m.	9:30 p.m. to 11:30 p.m.
2:45 p.m. to 4:45 p.m.	

While exam blocks are 2 hours, the actual length of the exam is determined by the instructor.
